

Annual Review 2021–22

Making a real impact
Changing lives

We are Trinity Winchester

Trinity Winchester is a unique charity which **addresses homelessness and vulnerability** through our three focus areas:

- **Support** of people's basic needs - food, clothing, washing facilities, housing referrals, outreach
- **Change** via healthcare, counselling, addiction support, housing advice, education, art, and other therapies
- **Aspire** with our Job Club, IT skills workshops, peer mentoring, work placements, and by providing accommodation

All these services are based on our core philosophy of **non-judgemental support**.

Trinity was founded in 1986, initially to support people who were unemployed. As the project grew so the scope of the services provided expanded to help address the causes of **homelessness, addiction, physical and mental ill health, poverty, social isolation, and domestic abuse**.

Trinity moved into Bradbury House, a purpose-built day centre, in 2009, built on land granted by Winchester City Council. In 2019, we expanded our services to provide accommodation for the first time, taking on the management of Alleyne House, in partnership with the former High Sheriff of Hampshire, Mark Thistlethwayte. In June 2021 Bradbury View was built with 12 flatlets situated on land at the back of our existing day centre looking over the beautiful Winnall Moors. We are now able to give 20 people **a place to call home**, with full support from our frontline team who are based on site.

We offer solutions, hope, choice and control.

Our vision is 'Working together for better lives in our community'

We encourage everyone to work together to provide a safe place where people affected by homelessness and social deprivation can maximise their life chances.

We do this by:

- **Creating environments and services where people feel valued and safe**
- **Being a place where people enjoy coming to work**
- **Attracting supporters who share our values**

Our values

We support our clients by helping them to change their situations and aspire towards fulfilling futures.

- **We are non-judgemental and compassionate**
- **We embrace diversity and inclusivity**
- **We empower people by helping them to build the confidence and skills to make positive changes in their lives**
- **We value our staff and volunteers**
- **We listen to and work with others**

It is remarkable to see how far Trinity has come in the 14 or so years that I have been a trustee. Trinity is recognised as a **centre of excellence**, is financially stable and sustainable and a valued partner to a wide range of important stakeholders.

I want to give credit to the whole Trinity team who, led by Sue, do an extraordinary job often in difficult circumstances.

The year under review ending March 2022 was another successful one for Trinity achieving all our financial and fundraising targets.

Our Under One Roof project at Bradbury View has now won three regional and one national award for its overall concept and its construction. In particular, the Southeast Construction Excellence Award for **best residential project** – won against some very stiff competition.

While we can be truly proud of our buildings, it is our **people** who make such a difference to the lives of those less fortunate. On the front line, the team work tirelessly to provide the best possible **compassionate and person-centred care** and our fundraisers raise the money to make it possible. A **big thank you also to our volunteers** who give the team such brilliant support.

We can look to the future with **real optimism**. We are expanding our accommodation offer with the addition of

move-on housing and we are integrating the Help Me Stop programme into our services. This has the potential to become a **ground-breaking addiction treatment facility** for Winchester and the wider community.

During the year Frances Griffiths stepped down as a trustee after having moved to Cornwall. Her passion and enthusiasm for Trinity will be missed. Thank you so much Frances for all you have done for Trinity.

We have recently welcomed Sarah Robinson and Tony Goldsby to the Board. Andrew Thompson and Philip Raw have also moved from being active directors of our trading subsidiary to become full trustees. Julian Spencer has done an excellent job in overseeing our finances in his first full year as Treasurer ably assisted by our Finance Officer, Diana Traill.

We are extremely fortunate to have such a **talented, active, and committed** Board. You have made the task of being the Chair of Trustees a real pleasure.

This Annual General Meeting marks the end of my term as Chair and indeed as a trustee. It has been a such a privilege to be part of Trinity and more recently to help by leading the team through **enormous and positive changes**.

I feel truly humbled by what Trinity has done for me. It has given me an understanding of how difficult the lives

of others can be, an appreciation of how lucky I am, and a genuine empathy for those less fortunate. I have made great friends, learned so much and had the real pleasure of working with Sue and the Trinity team in making such a **positive difference**. It has been a life changing privilege to be involved.

Paul Murray, who has been a trustee for five years, will be taking over as Chair and, along with Sue and the Board, will lead Trinity in consolidating our success to date and in **exciting life-changing new ventures**, giving hope, care, and healing to those we help. My sincere thanks to all our stakeholders and funders and especially to Winchester City Council with whom we have the strongest possible partnership.

Over and out.

Peter North, Chair

The Difference We Make

We gave
513 people
access to a safe
warm place
during the day

We helped
262 people
access a GP, nurse,

26

people found employment/long term
volunteering through our Job Club

I am pleased to report that Trinity has continued to **evolve and move forward** in the last year. Whilst we are in our **36th year** of delivering day centre services, we have also been adjusting to the first highly successful year of our new accommodation, Bradbury View and managing the continuing success of the Alleyne House accommodation. It has been unbelievably rewarding to be able to **offer people a safe home**, whilst continuing to support them with our existing services.

We have supported over 500 individuals this year in the day centre, women's services and in our accommodation. Some visitors just need a **warm and welcoming place** to hang their hat, and others face more challenging and longer-term issues to get their lives back on track. This can only be achieved with teamwork, and that is what we have in abundance here. My special thanks to Hannah Scott, Operations Director, who has worked tirelessly to adopt a whole new world of housing and tenancy management, chairing the Winchester Housing Pathway, leading the Domestic Abuse Forum, and spinning countless other plates. She is incredible and the mainstay of our Team.

The last year has created many memorable and substantial changes in our wider world. Whilst we are a relatively small enterprise, we are hugely affected by external factors, including the future effects of the cost-of-living crisis. We are bracing ourselves for an influx of clients who face further poverty, which may also have a knock-on effect on their mental health. We will be here, and **we will be ready to help!**

Our Fundraising and Development team have had another successful year in a challenging financial environment, producing memorable events, engaging with the community to raise funds, and winning vital grants, all of which allow Trinity to not only continue our work but to be **constantly evolving** to meet new challenges. Thank you, Paul, and Sharnna, you are a force to be reckoned with.

We have been delighted that, 3 years on, Alleyne House, which provides 8 flats to resettle ex-offenders, has had a **smooth integration into the local neighbourhood**. We would not have been able to provide this wonderful accommodation without the generous gift from Mark Thistlethwayte, who has been an avid supporter of the work we do.

I would like to personally thank all our supporters, partner agencies, and our awesome volunteers, we really could not do this without you. Together we are making an enormous difference!

Sue McKenna, C.E.O.

Support – Basic Human Needs

At our Bradbury House day centre we seek to support people’s **basic care needs** and help them back to health and into housing. Our full range of services from the Day Centre offers guidance, therapies and a **safe, warm environment** for those that are experiencing homelessness or are at risk of becoming homeless.

Working in partnership with Winchester City Council, our Complex Needs Navigator Steve offers 1:1 support to those that are street homeless to help them access housing options.

HOUSING STATUS OF TRINITY DAY CENTRE CLIENTS

We offer our service to anyone in need of **crisis support**. They can work with one of our specialist Homelessness Practitioners to find housing and keep a roof over their heads. We also help them to tackle any obstacles in moving forward and to **improve their quality of life**.

Jeremy's Story

Jeremy came to Trinity after being found by our outreach worker, Steve. He had been in work and living with a partner, but after a messy relationship breakdown he ended up sleeping rough for several nights and was now tired and cold, completely unaware that Trinity existed.

Steve invited Jeremy into our day centre so he could have a hot shower and some breakfast before heading to work each day. He also worked with Jeremy to help secure him housing and referred him to Alleyne House, our semi-supported accommodation. Within a week he was assessed as being a suitable candidate and moved into his own self-contained flat.

Jeremy told us that he'd always believed homeless people must have done something wrong to end up on the streets. But for him it only took a relationship breakdown. With no family around to support him and being too embarrassed to ask his friends for help he had nowhere to go. He told us that without our Outreach support he believed he would have become desperate and unable to make it through.

We're delighted that Jeremy managed to maintain his job through his true grit and determination and he has now moved on into his own flat.

"I was very upset about losing my home and having to use a service like Trinity, but meeting Steve took some of the worry and stigma away and he helped me to find my way back to having somewhere to live as well helping me to keep my job and my sanity"

Change – Taking the Next Steps

We've continued to grow our counselling services this year and now have a team of 6 counsellors offering **bespoke and specialist** one-to-one counselling to help individuals overcome trauma and addiction.

Our **Dual diagnosis counsellor** focuses on those living with addiction and mental ill-health who want to overcome this.

Our mindfulness sessions help clients become more aware of their thoughts and feelings, so they are better able to manage them. We create a **relaxing therapeutic setting** where they can tap into their creative skills with mindful art and drawings.

Our learning programme includes classes such as cookery, budgeting and gardening to encourage people to build upon their existing life skills and **explore what they enjoy**. All our groups are aimed at offering practical skills whilst building the confidence to move on into volunteering or employment.

PRESENTING ISSUE

Many of our clients present with multiple issues

This year we're delighted to introduce our new partnership with Help Me Stop, a London based rehab treatment organisation, which has opened a new clinic at Trinity – its first outside London. Help Me Stop provide a non-residential programme of alcohol and drug rehabilitation that makes recovery both more accessible and affordable – and now enables us to provide a rehab opportunity for Trinity residents seeking to recover from addiction.

Mason's Story

Mason had been in and out of homelessness services and prison for more than 10 years and had a very chaotic drug habit. He was very well known within our circle of partner agencies, and it was felt that he would not survive unless he received and engaged in some serious interventions.

In his goal setting session with his key worker, Mason said he wanted to regain contact with his family but agreed that his drug use and lifestyle was preventing him from having a positive relationship. He knew that living like this for so long was making him miserable, made worse by not having his friends and family around him.

After an initial period of reluctance to speak to a counsellor because he was nervous about revisiting his past, a gentle approach has led to regular sessions, which he now acknowledges have been immensely helpful.

"I have never wanted to have counselling before because I was too ashamed and did not want to face what had happened to me – I was happy with my drugs taking everything away. With some encouragement and support, I have been able to talk to my counsellor and he has helped me see that I can either choose a lifetime of pain, or I can get the help to slowly get better. I am taking the help this time – watch this space!"

Mason has conquered a huge hurdle and has managed to come off his class A drugs and stay off them for a year. He has been coming to Trinity's Recovery Group and mindfulness sessions where he is supported by his peers and is now looking at the reality of long-term sobriety. As he has now been able to contact his family, he is planning to meet up with them soon. This is a monumental step forward.

Aspire – Moving Forward

206

Our Aspire programme seeks to help people move forwards towards a **brighter future**. Participants can gain skills for the workplace, get jobs, live independently and enjoy a sense of achievement and fulfilment.

Last year we supported 26 people **back into employment** with 206 people participating in our learning programme. This includes budgeting, CV writing, job searching and tenancy skills. Counselling offers coping skills for those experiencing mental health, and **relationship building** for those looking to understand how to form healthy partnerships.

Our art class continues to broaden its horizons, holding exhibitions at numerous local and national galleries and even internationally as they work alongside an art group in Canada, led by our wonderful and enthusiastic local artist and tutor Alastair Eales.

Jayne's Story

Jayne was referred to Bradbury View as a young female in need of support and accommodation. She had little in the way of a support network due to family breakdowns and failed care placements. As soon as she moved in, she developed a great rapport with the night worker who encouraged her to help cook the community meals and mentored her, helping her to develop cleaning skills. She attended the weekly recovery groups, finding them a great support to help her remain free from substances.

Jayne engaged with a Trinity counsellor and although she found the sessions very difficult, she kept attending as she was determined to "put her past behind her and stay out of trouble". Alongside this Jayne engaged in our job club and received help from one of our corporate supporters Lane Clark and Peacock to create a CV. Very soon Jayne was invited to attend a young person's apprenticeship scheme, and despite having to get up at 6am for work she embraced the opportunity. She made such an impression that she received a full-time job offer. Jayne has since moved out into her own flat, is still working and occasionally pops by to say hello to us all at Trinity.

**"I feel like I have options now,
I have always liked working
and I now have a sense of
pride back, knowing I am
making my own way again"**

Healthcare – Everyone Deserves to Feel Good about Themselves

The services Trinity provides enable people to improve their physical and mental health and wellbeing. In the last year **262 people accessed our in-house healthcare** and **151 people engaged in some form of therapy** at Trinity.

Counselling ONE DAY AT A TIME

Our team of 6 trained counsellors provide 1:1 and group support. Our weekly Wellbeing Drop-In sessions provide mental health and therapeutic interventions with a dual diagnosis counsellor.

GPs and Wellbeing Support HEALING AND HELPING

We are so grateful to the GPs and nurses from St Clements surgery who offer regular sessions at Trinity, exclusively to homeless patients, who are often not able to register with an NHS practice and have conditions exacerbated by their lifestyle.

Dentaid GIVING PEOPLE BACK THEIR SMILE

Having a healthy smile can really improve someone's self-esteem. This year, 54 people saw the dentist and 216 treatments were provided.

Homeopathy NATURAL & GENTLE

In partnership with Homeopathy UK, we offer free sessions to help our clients in the management of a wide range of conditions, including sleep problems, low mood and long-term pain.

Auricular Acupuncture RESTORING BALANCE

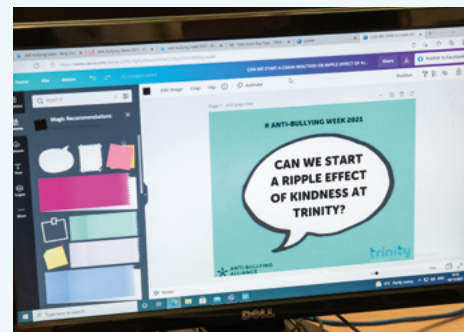

We offer auricular acupuncture which is proven to help reduce stress and anxiety as well as promoting sleep and helps to relieve the symptoms of withdrawal from addiction.

Health Awareness HEAD TO TOE

Monthly sessions provide help and advice on smoking cessation, healthy eating and sexual health, and include a man-to-man talking group.

Addiction Recovery RECOVERY IN THE REAL WORLD

Our weekly Recovery Group & our Help Me Stop partnership offer people fast access to alcohol and drug addiction support wherever they are on their journey to recovery

Trinity's bespoke Women's Service based at Bradbury House provides support for women who need help to **break free** from abusive relationships. We help those who are looking to recover from traumatic experiences, and those who need a support network or want to regain confidence to move to a **more empowered future**.

This support is delivered by a team of skilled, qualified and specialist support staff including a team of counsellors, with all services being offered **free of charge**.

We also partner with Tower House Horses which provides equine learning to those coming through our Women's Service and we have been privileged to watch the **increase in confidence** that this has brought about for many of the women who have attended.

Alongside our formal therapies our peer-led support group offers women the opportunity to **build friendships and a network of support** in a safe space.

One to One Support and guidance

Our on-site accommodation Bradbury View has now been fully occupied for almost 18 months and our first supported accommodation provision, Alleyne House, has been welcoming residents for nearly three years. These buildings together provide a **total of 20 flats** all with en-suite bathrooms and kitchenettes. In the last year Trinity housed 31 residents and offered a total of 6876 bed nights. This ground-breaking project has already won Residential Project of the Year in the Constructing Excellence SECBE Award 2022 and Residential Development of the Year Award in the Insider South East Property Awards 2022.

Bradbury View supports people who have complex needs and histories of repeated homelessness. It provides a calm and **welcoming environment with spaces to socialise** in Ben's Place, the communal kitchen and lounge and the beautiful garden area, surrounded by a nature reserve.

Alleyne House supports those who are looking to move on into their own **independent accommodation**, including low risk offenders leaving Winchester Prison. They are supported by our specially trained Housing Support Officer and live-in Supervisor and are offered tenancy management skills to help them feel confident in their next steps to independence.

Our mantra is **“getting well, being well, staying well”**, which forms a 3-step programme to help our residents work towards getting their lives back on track. This starts with the simple things in life; having regular meals, getting some structure back into their day, doing laundry, living with others; just normal day-to-day activities.

Each resident is offered a **personalised support plan** which they follow up with our trauma-informed staff team, because we understand that they have suffered tough times and experienced traumatic events which have led to prolonged periods of homelessness.

“This is not just a place to live ... this is a place to get better”

“The last year has been an exciting challenge as we expanded our housing service with the introduction of Bradbury View. It has been a pleasure to work alongside our residents, empowering them to access brighter futures as they explore the reality of recovery from trauma and addiction. The openness and honesty they show us by sharing their very personal stories is a great privilege and the way in which my team have been welcomed by those they work with has been an honour that is not taken lightly”

Trinity Winchester Annual Review 2021–22 17

Trinity's Big Sleep Out

In May 2022, we were delighted to be back in the grounds of Winchester Cathedral for Trinity's Big Sleep Out, after two years of the pandemic.

Over 200 people took part with guests enjoying a festival-style celebration evening in the beautiful setting of the Inner Close. With food stalls from local suppliers, live music, a wellbeing tent with yoga and auricular acupuncture and even a bedtime story with Dame Esther Rantzen live on stage there was plenty to entertain people. Then the music finished, the lights were dimmed, and participants took on the challenge of sleeping outside for the night in their handmade cardboard shelters. Thanks to corporate sponsorship from Draper Tools, Charters Estate Agents, Buckland Developments Ltd and other local businesses, the money raised by participants and donations made throughout the evening totalled £26,000. This will be put directly into services to support homeless and other vulnerable people. We'd like to thank all those amazing people who took part, and the many volunteers who made the event possible.

A Merry Little Christmas

The magnificent Winchester College was the setting for a festive programme of close harmony carols and readings, performed by Cantores Episcopi in the historic setting of Winchester College Chapel. The evening raised £2,000 from ticket sales and donations.

Sponsored walk

On Friday 1st July 2022 Lily-Grace and Charlotte camped on the Jurassic coast ready for an early start the following day to complete the 20K trail of the Jurassic coast pathway, between Studland and Worth Matravers. Together they raised over £1,400 for Trinity.

Mayor of Winchester's Charity

We were delighted to be chosen as one of the mayor's charities by Cllr Derek Green, the 823rd Mayor of Winchester. Throughout the year we will take part in a variety of fundraising events from the Mayor's Ball to the Big Quiz and a summer triathlon to raise funds to support our services.

Charity Ball

In October 2022, Trinity welcomed 200 guests to annual Black-Tie Dinner sponsored by Charters at the beautiful Avington Park. Guests including local businesses such as Trinity Rose, Fyffes, Selwood, and Gallagher. Guests were amazed by the close-up magic of Adrian before the Daisy Chains brought everyone to the dance floor. The live auction included items such as tickets to see England vs New Zealand at Twickenham Stadium and a private meal cooked by head chef, Chris Baker, from Rick Stein in Winchester. Along with the raffle, silent wine auction and ticket sales, an outstanding £30,000 was raised. Trinity thanks all the supporters and local businesses who donated towards the evening.

Skydive, Marathon, Womathon

This year, 11 fundraisers took part in challenge events for Trinity. 8 daredevils jumped 10,000ft from a plane, Paul Brown from Charters Estate Agents ran the London Marathon and our Operations Director Hannah Scott and fundraisers from Trinity Rose took on our Womathon, altogether raising over £7,000.

Corporate support

We are extremely grateful for the help we have received from our corporate supporters over the past year. Volunteers from Lane Clark & Peacock LLP cooked for our clients each month and Selwood helped our clients get back into work. Also, COOK of Winchester generously donated weekly meals for the Bradbury View residents.

Winchester Rotary

We are delighted to be named as one of Rotary's chosen charities this year. In May, we welcomed Winchester Rotary UK president Deborah Macartney, who has chosen to support our specialist women's service and through the course of her term as president, we hope to raise funds to support these services through the Rotary Spring Ball and Fashion show.

Brides of Winchester

Brides of Winchester Bridal Boutique is working to raise community awareness of domestic abuse and helping to provide more support to women in need with their unique 'Trinity Appointment.' The boutique also donates funds from their wedding dress sample sales to support our services.

Charity of the Year

Trinity is honoured to be selected as Charity of the Year for many local businesses including Trinity Rose and Charters Estate Agents. Lainston House employees also voted to name us as their charity partner and the staff hold tours of their beautiful kitchen garden throughout the year with the ticket price going to Trinity.

We are delighted with our new partnership with Newbury Building Society where customers opening a charity bank account can make monthly donations to Trinity.

Get Involved

**YOU ARE THE
KEY TO LISA'S
FUTURE**

JOIN OUR KEY SUPPORTERS' CLUB TODAY

£2 a month

provides a weekly community meal for a resident to help reduce social isolation.

£10 a month

supports our mental health recovery programme which includes mindfulness and acupuncture

£15 a month

provides a tenancy sustainment course which helps residents maintain a good tenancy, pay rent and manage bills

Getting Well

We provide a full health needs assessment with the G.P. team, a named care coordinator to help set up residents' housing and tenancy related income and expenditure, as well as settling them into their new flat.

Being Well

We offer a full range of therapies and groups for residents to help them reduce substance use dependency and move towards recovery.

Staying Well

We offer ongoing support to prepare our residents to move on to independent living and a learning programme to enhance their employability.
